WAS BIG MEETING

GRAHAM WAS HOST TO MARYVILLE BOOSTERS.

THEY ADD THIRTY-FIVE

Members to Their Commercial Club—Prof. Hutchinson and Prof. Cameron Give Talks.

Members of the Commercial club of this city were in attendance at the meeting of the Graham Commercial club Monday night, having been invited to attend and help the Graham folks to generate enthusiasm for their club. The Graham trip was also the first of many the Maryville club expects to make during the summer, carrying out the "All for Nodaway county, Nodaway county for all" idea.

It was a very successful meeting, and thirty-six new members were added to the Graham club. The Maryville Commercial club took out a membership in the club.

Prof. C. B. Hutchinson of the state agricultural college of Columbia, who has been over Nodaway county the past two days to study the wheat conditions, spoke at Graham and said that the wheat fields examined in Hughes township were found to be in a good condition and very little infected. The fields in the eastern and southeastern parts of the county are badly infected, and great damage was noticed. Prof. Hutchinson said a good rain would help conditions here, but they are the worst he had seen so far. He explained the work of the fly and the damage done by them, and then closed his address with a talk on Commercial clubs. Prof. Hutchinson went to Graham from Burlington Junction, where he spoke at 6 o'clock. He returned to Columbia Monday night.

Prof. John E. Cameron of the Normal agricultural department also spoke on the wheat conditions in the county, and said that the wheat fields in Hughes township were in good shape and very little infected by the Hessian fly, but in some of the other parts of the county they were not so fortunate. Many fields of wheat badly infected were being plowed Monday and corn planted, said Mr. Cameron.

Other talks were made by J. F. Hull, president of the Maryville Commercial club, Attorney T. A. Cummins, J. H. Sewell and Dr. Jesse Miller. They told of the advantages of a commercial club to a community and how much could be accomplished through united effort. The club yell was given.

R. H. Swank, president of the Graham Commercial club, and Clyde Trapp, corresponding secretary of the club, presided, and Mr. Trapp told of the object of the meeting to secure new members for the club. He urged all of the farmers in that community to join and the membership paper was presented with the result that thirty-six new members were added to the roll of the Graham club.

The meeting at Graham was held in the opera house, which was crowded, standing room being at a premium. Many farmers were in attendance. Before the meeting the Graham band, which has been organized only a short time, gave some excellent music.

There were forty members in ten automobiles from the Maryville club present, and supper was taken at the G. H. Curnutt restaurant in Graham. The Maryville delegation included:

J. H. Sewell, D. C. Moore, Charles McNeal, T. A. Cummins, George Moore, Joseph Jackson, Jr., Charles Wadley, James Todd, H. L. Raines, Harold Bellows, Albert Kuchs, C. C. Hellmers, W. R. Jackson, George L. Willey, R. S. Willey, R. B. Montgomery, Conrad Yehle, George A. Pickens, J. F. Hull, B. M. Cottrill, D. R. Eversole, E. E. Williams, F. P. Robinson, John M. Murrin, Mayor U. S. Wright, Dr. Jesse Miller, Prof. John H. Cameron, Dean George H. Colbert, W. H. Gilbert, W. W. Jones, G. B. Roseberry, W. A. Miller, J. F. Roelofson, Roy Curfman, Lieber Holmes, Berney Harris, Dick Hotchkiss, S. H. Kemp, C. D. Bellows, R. P. Hoamer and Prof. Hutchinson of Columbia.

The officers of the Graham club are: R. H. Swank, president; Dr. W. J. Findley, vice president; C. C. Trapp, corresponding secretary; W. E. Freytag, recording secretary; Clyde Long, treasurer.

Miss Ruby Lorange of this city has been re-elected to teach the coming year at Plattsburg. She returned home last week from Plattsburg to spend the summer with her parents, Mr. and Mrs. John Lorange.

H. W. Smith and Lon Fine of Pickering were city visitors Tuesday.

NORMAL LOSES TO THE INDIANS

By a Score of 5 to 17—Indians Were Too Fast for the Normal Boys.

The Normal school team crossed bats with the fast Nebraska Indian aggregation at the Normal diamond on Monday afternoon. The Indians won by a score of 17 to 5. Two umpires were used after the third inning. Keck started the umpiring and gave good clean decisions, but the Indians requested that two umpires be used, and Coach Eek granted the permission. One of the Indians then started the work as second umpire, alternating with Umpire Keck on bases and in the box.

Pitcher Ham showed good form on the mound but was removed in the seventh inning and Richards finished the game. The game was rather loosely played at times, several of the Indians scoring on errors.

Adams proved himself to be the idol of the fans when he slugged out a homer in the first inning with two men on bases. Eagle of the Indians made the rounds from a safe hit to center and an error by the Normals in the third inning.

The Normals lost a good chance of scoring in the last half of the fourth inning. Two were down and Brittain got a safe hit and Leavel, who was making for second base, ran into the ball, losing an excellent chance for the Normals to do some scoring.

The line-ups were as follows:

Normals—Brittain, center field; No-blett, second base; McKee, right field; Adams, left field; Dyer, first base; Richards, third base; Bird, shortstop; Ham, pitcher; Leavel, catcher.

Indians—White Moon, second base; Wolf, shortstop; Eagle, third base; Big Bear, first base; Little Deer, right field; Chouteau, left field; Waukegan, center field; Black Hawk, catcher; Schegg, pitcher.

The score by innings:

Normal 3 0 0 1 0 0 1 0 — 5 10 13

Indians 0 0 2 4 0 4 2 5 0 — 17 13 2

Batteries—Ham, Richards and Leavel, McKee; Schegg and Black Hawk.

Struck out—By Schegg 12, Ham 6, Richards 9.

FOR BASE BALL CHAMPIONSHIP.

Normal School Stands in Fifth Place—Tarkio College Leads.

Reports of the Missouri inter-collegiate conference base ball games played prior to May 13 show that the race for the championship is close. No reports from Drury college, Cape Girardeau normal or Central Wesleyan have been received, so the standing as figured below does not include their games. Tarkio college leads the list with a percentage of 1.000. Warrensburg normal is second with .750. William Jewell and Kirksville normal are tied at third with .714 each. Tarkio has four more games to play, Warrensburg normal has six, William Jewell has one, and the Kirksville normal schedule is completed. The outcome is in doubt. The following figures have been compiled by the chairman of the championship committee of the Missouri Intercollegiate Athletic association:

	W.	L.	Pct.
Tarkio	2	0	1.000
Warrensburg Normal.....	3	1	.750
William Jewell.....	5	2	.714
Kirksville normal.....	5	2	.714
Maryville normal.....	2	2	.500
Missouri Valley.....	1	3	.333
Central.....	2	4	.333
Westminster.....	1	2	.333
Missouri Wesleyan.....	0	4	.000

TO CHICAGO WEDNESDAY

Rev. S. D. Harkness and George Demott Will Attend Presbytery This Week.

Rev. S. D. Harkness and County Clerk George Demott will leave Wednesday afternoon for Chicago to attend the Presbytery at that place. This is a general assembly meeting of the highest order of the Presbyterian church. The meeting is made up of two representatives from each Presbytery. The presbytery at this place is sending Mr. Demott and the Rev. S. S. Ryland, of St. Joseph, as representatives, and the Rev. S. D. Harkness as an attendant at the meeting. They will be gone about ten days. The meeting will be held at the new Fourth street church in Chicago and will take up the work of the church as a whole concerning the United States. The meeting last year was held at Atlanta, Georgia.

Mr. and Mrs. George Pat Wright spent the day Sunday at Graham with Mrs. Wright's brother, John Wilson, and family. Mrs. Wright's parents, Mr. and Mrs. J. G. Wilson, of Chautauk, Texas, are visiting at Graham and will later visit at the Wright home in this city.

GOOD ATTENDANCE

PROF. HUTCHINSON GAVE FOUR TALKS ON WHEAT CROPS.

PLEASED WITH RESULT

Of the Investigation and of the Meetings Held in the County—Returns to Columbia.

Nearly 400 people were in attendance at the meeting held at the court house Monday afternoon at 2 o'clock for the purpose of discussing the wheat situation of Nodaway county. Talks were given by Prof. C. B. Hutchinson, of the University of Missouri, and Prof. John Cameron, of the State Normal School. This was the first of four meetings held in the county Monday afternoon.

Prof. Hutchinson talked on the situation as he has seen it the last two days in different parts of the county. He suggested to those framers whose wheat fields were badly infected with the Hessian Fly to plow their fields now and put in corn or to wait until the latter part of July and put in Alfalfa. He said conditions were bad in the county, especially in the east and southeast part of the county and that there was no chance of a wheat crop in many of the fields.

Prof. Cameron, who has made daily trips over the county the past week, gave a talk on the situation and advised the farmers to act at once. Mr. Cameron answered many questions that were asked by farmers who were interested in the situation. "Wheat," he said, "is the only grain that this fly will damage."

The Shannon Grain Company, of Kansas City, sent an expert to this county Monday to investigate the wheat conditions here and make a report. This company has recently erected several elevators along the Chicago Great Western railroad in the eastern part of the county.

The meeting held at Harmony church at 3:30 o'clock was attended by about 40 farmers who took great interest in what Prof. Hutchinson had to say. Mr. Hutchinson was accompanied by R. P. Hosmer, C. D. Bellows and S. H. Kemp. The next meeting was held at the Hughes farm northwest of Maryville, and was attended by a small, but enthusiastic crowd. At Howden's farm near Burlington Junction about 40 farmers awaited Prof. Hutchinson.

A big commercial club meeting was held at Graham Monday night and Prof. Hutchinson was called there to make his final talk. He left for Columbia last night.

Prof. Hutchinson said he was highly pleased with the interest the farmers took in the wheat condition in this county. He said the farmers were wide awake and had good knowledge of agricultural problems.

TO STATE MEET.

Normal School Track Team Goes to Fayette—Four Men Entered in the Events.

The Normal school track team had a final workout on the track last night after the base ball game preparatory to their leaving for the state inter-collegiate track meet, which will be held Wednesday at Fayette, Mo.

The team, which is composed of Quinn, Ford, Watson and Lyle, left on the 10:52 Wabash this morning. Some good records were made in the practice last night, and the men should bring back some points with them. Quinn, who was chosen to head the team this year, went the 220-yard dash in 23.2 seconds, which is two-fifths of a second better than the time made by Neldorp of St. Joseph Central in the high school meet here. It is thought that he will also place in the broad jump, as he has been making better than twenty feet consistently. Lyle and Ford are both making good time in the hurdles, and Watson has been making the half mile in time which should get him some points.

Coach Swinehart will leave for Fayette Tuesday evening in time to be there for the meet Wednesday.

Miss Dale Hoffman returned Saturday night from DeKalb, where she has been teaching in the high school. Miss Hoffman has accepted a position in the Shenandoah, Ia., schools for the ensuing year.

WRITES OF WORK

REV. C. J. MILLER OF GREELEY, COL., SENDS LETTER.

WILL GIVE ADDRESSES

Near Maryville the Last of This Week—Was Formerly Pastor of the Christian Church Here.

Rev. Claude J. Miller, formerly pastor of the First Christian church of this city, but now pastor of the First Christian church of Greeley, Col., writes an interesting letter to this paper. He states that he will be in Nodaway county on Sunday, May 24, as he is to deliver an address at Ravenwood on that day. His letter follows: Greeley, Col., May 18, 1914.—Democrat-Forum, Maryville, Mo. Dear Friends: The Daily Democrat-Forum reaches me regularly and I enjoy it very much. It keeps me in touch with old Maryville. In a recent issue of the paper I see you have lost, by death, one of your choice spirits, Miss Messenger. This is a sad loss which must be felt by the entire community.

Our work here is moving along nicely. We have been on the field since October 5th. In this time we have had 115 accessions to the church. Our Bible school is the largest in the state. On Easter Sunday we had 689 on time, and 752 as a total attendance. This speaks well for a little city of 10,000 people, which is supporting twenty-four churches.

The prospects for crops are very good in this section. This means prosperity, for when the farmers prosper we all prosper. The old "Rockies" are still covered with their mantle of white. Only twenty-eight miles in the distance, they make one shiver to look at their snow capped heads.

On next Lord's day I will be only a short distance from Maryville. I am giving commencement addresses in Iowa and Missouri this season. I have two near Maryville. One is at Blackton, Ia., on Friday, May 22, and the other is at Ravenwood, Mo., on Sunday, May 24. I will preach at Ravenwood in the Christian church Sunday afternoon and give the lecture in the evening. I will then go on into Iowa for other addresses, and finally to Grundy Center, Mrs. Miller's home. Mrs. Miller has been visiting her parents for the past three weeks. We will start back to Greeley, May 29th. We are thus spending part of our vacation in the east, before the time of the hot weather. We will spend the remainder of the time in Estes Park, Col. One of our good parishioners has offered us their cottage, and, preacher-like, we have taken it!

You better move The Democrat-Forum to Greeley. Then I know our own daily paper would soon begin to print more news of local interest. We have a good paper, but it does not take enough notice of local happenings. Yours respectfully, CLAUDE JOHN MILLER.

CONDITION NOT ALARMING.

E. C. Curfman, Who Had Thumb and Finger Taken Off by Ripsaw, Still Suffering.

E. C. Curfman, who had his little finger and thumb cut off and the tendons of the other fingers torn and lacerated while manipulating a ripsaw a week ago today at the Foster & Hahn shop, is still in a critical condition. His injuries are painful and infection has set in, but his physicians are of the opinion that his condition is not alarming. Dr. George H. Curfman of Salda, Col., a brother, has been sent for and will arrive in the city Wednesday noon.

Appeal Case From Hopkins.

A suit filed Tuesday was that of Fred Woodbridge against Frank Black, being an appeal case from justice court of Hopkins by the defendant. It is a suit on a note. S. E. Browne is the attorney for the plaintiff, and Shinabargar, Blagg & Ellison for the defendant.

State Inspector Here.

G. H. Reavis, state high school inspector of the state department of education at Jefferson City, was in Maryville Tuesday and inspected the Maryville high school.

COMMENCEMENT EXERCISES.

Hopkins Schools Now Closed for the Summer—Class a Large One.

Vacation commenced in full force at Hopkins Monday morning. The school bell is silent, and the boys and girls are rejoicing in the fact that there will be no more school until next September.

The common question on the lips of young humanity from "Miss Lou's" room to the high school was, "Did you pass?" but that is all settled now, the grades are made out and the tired teachers are ready for a rest or harder work at some normal or university, as it may be.

The commencement exercises were held in the M. E. church Saturday night and were largely attended by admiring relatives and friends of the class of 1914.

This class is one of the largest that has ever graduated from our school in years, and we might also add one of the finest looking, consisting as it does of Misses Lottie Remington, Willa McCleave, Myrtill Aikin, Ruth Moorehouse, Bessie King, Lois Sargent and Messrs. Floyd Rickard, Robert Wolfers, Claude Grote, Ben Griffith and Roy Hanna.

The church was decorated in a very pleasing manner with red tulips and white carnations. This work was done, as is customary, by the junior class, who also acted as ushers.

The program consisted of instrumental and vocal numbers by Mrs. Lois King, Miss Mabel Weaver and Ed Owens. The class address was delivered by Walter S. Athearn of Des Moines, who took as his subject "The Earnings of an Educated Man." This address was above the average of commencement addresses, being replete with sarcasm, wit and good wholesome advice, the main part of his text being embodied in the following little prayer, which he advised them to say each morning: "Now I rise me up to work; I pray the Lord I may not shirk. If I should die before the night, I pray my work may be right."

The presentation of diplomas was down on the program to be given by Professor Oakerson of Maryville, but as that gentleman was not present, Prof. Lowrey of the Hopkins high school ably took his place, stating in his opening remarks his inability to substitute properly for Mr. Oakerson, as his hair was not the proper hue, also making the prophecy that if Oakerson's hair kept on coming out and he (Lowrey) continued to lose his jet black locks they would both soon be in the bald-headed row.

This concluded the commencement week, which had been full of examinations, picnics, the high school musical, and on the Wednesday night preceding, also the eighth grade commencement on Friday night, at which a good sized class was graduated from the eighth into the high school.

There is always more or less pathos and also much fun at the close of the school year, and this year was no exception. Miss Lou Hughes, who as "Miss Lou" has been the idol of the children in the primary room for the last three years, shed some tears Friday as she bid her little folks good-bye, expecting as she does to go to Chicago in two weeks to enter the school of kindergarten for a year's work.

One of the pleasant occurrences was the breakfast on the river Saturday morning by the faculty and Mrs. Lowrey and son, Raymond. Everyone enjoyed the breakfast, as they were so hungry, and then the boat ride, but when Prof. Lowrey and Misses Bone-witz, Jeffries and Hughes decided to "row, row, row" by themselves—well, something happened, and anyway they all believe in immersion now. A noble youth came to the rescue and brought them to town in an automobile, while poor Miss Goforth and the rest of the crowd had to walk.

OLD WILL TO BE PROVED UP.

Has Been in the Probate Court Office Ever Since Judge Conn Has Been There.

An old will written on March 29, 1897, and found in probate court office when Judge W. H. Conn took charge in 1907, is going to be proved up so as to clear the title to four town lots in Burlington Junction. The will is that of Wm. B. McLaughlin and the witnesses are A. T. Stitt and W. E. Gardner. The will was not probated at the time of the death of Mr. McLaughlin, as it was said that there was not much property.

Underwent an Operation.

Peter Mergen underwent an operation at St. Francis hospital this morning and came through it nicely. As soon as he is able, Mr. Mergen expects to spend several months in travel and rest. He has sold his confectionery and cigar stand on North Main street to C. E. White.

HOW TO FIND FLY

PROF. JOHN CAMERON OF STATE NORMAL WRITES ARTICLE.

RAIN DOES NOT KILL FLY

Each Female Fly Will Lay From 100 to 150 Small Reddish Eggs One-Fifteenth Inch Long.

Owing to the fact that the question "How to find the Hessian fly" is still bothering many people, Prof. John E. Cameron of the State Normal gives the following:

Pull up a stool of wheat, look at the smallest stalks in the bunch. If affected the stalk will be soft and beside will be found either a number of white maggots or brown flaxseed-like worms. You can detect no movement in the maggots unless on very close observation. If they have turned brown, as all the maggots will, they have passed into the resting or pupa state, from which they will escape in a few days full grown adult Hessian flies. The earliest of the last brood are just beginning to escape now in some fields.

Before June 1st practically all the maggots and brown pupa will have disappeared. If it rains many will say that the rain killed them. Not so. They have escaped from these brown pupae cases into adult flies resembling small mosquitoes only one-tenth of an inch long, so small as to usually escape observation.

Each female will lay from 100 to 150 small reddish eggs one-fifteenth inch long. You will find them in irregular rows of from three to five or more, mostly upon the upper surface of the leaves. In a few days these hatch into small reddish maggots, soon turning white and about twice as long as broad, and ready to begin their deadly work on the wheat stalks left by the previous brood.

These work on the joints under the base of the leaves left by the previous brood. If sufficient numbers are present the stalks break over and the heads will turn white, as noted in infected districts last year. At wheat cutting time these maggots will be in the broken flaxseed stage. They pass over the summer in this stage to deposit their eggs on the young wheat plants about September 10th to September 30th in this latitude. The method of control is to wait until the flies are all dead before planting wheat. This breaks the chain in the life history. The Hessian flies disappear from the community and we go on raising wheat as though nothing had happened.

WIDE SOCIAL INTEREST

Opera "Miss Mary" Includes Many of the Young Society People of the City.

The opera "Miss Mary," presented by the Twentieth Century Club, not only has an interest from an artistic standpoint and its cause, a Club House for Women of Maryville, but it also has a wide social interest as well, not only from the fact the cast includes many of the young society people of the town but because a number of the young women, looking their most charming in evening attire will receive the audience, welcoming them and ushering them to their seats.

Though the stage will doubtless present a most attractive appearance in the matter of toilet, the audience will present a gala appearance also, as everybody in everybody's best bib and tucker will be there, and the front row of seats has already been engaged by a number of bald headed gentlemen who are booked to appear both nights.

Following is a partial list of the young women who will usher Wednesday night, Misses Helen Leffler, Laura Barman, Mae Corwin, Brownie Tool, Dorothy Pierce, Mrs. Ferdinand Townsend. Thursday evening, Misses Marie Brink, Clara Sturm, Eleanor Smith, Martha Koch, Marie Reuillard and Geneva Wilfley will usher.

Miss Elizabeth Doran has returned from Rochester, Minn., where she has been assisting in caring for her mother, Mrs. William Doran, who is a patient in the Mayo sanitarium there.

Jack Rowlett of Graham was in the city Tuesday.

Anty Drudge Loves to Make the Children Happy

Jennie Sorrowful—"Boo! hoo! Mamma has got such ugly dark colors and heavy gingham for my summer dresses, when I wanted pretty, light lawns. She says washing and boiling is so hard on colors and wears thin goods right out."

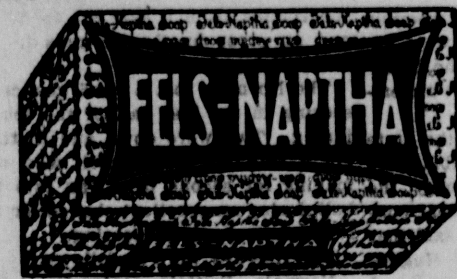

Anty Drudge—"Well, I'll go straight to your mother and tell her the right way to wash your dresses so they will not fade or run or go to pieces, that is, with Fels-Naptha Soap in the Fels-Naptha way."

and have it turn out streaked with white and several shades of blue?

Or have you ever had a shirtwaist shrink so that you couldn't wear it with comfort?

If you will use Fels-Naptha Soap the right way, you will save yourself the disappointment and expense of having any of your clothes ruined. And you will find out that it is possible to do your washing without the discomfort you used to have.

Fels-Naptha soap is the cool-water soap. It is the no-hard-rubbing, no-boiling kind of soap. It is the soap for you to use if you want to save work and worry.

Follow the directions on the Red and Green Wrapper.

Better buy Fels-Naptha by the carton or box.

Here Is Good News for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by Pearson's Pharmacy and druggists everywhere.

Plant Flowers at Court House.

Miss Mabel Hunt of the probate office has planted a large bed of flowers on the north side of the court house, and Miss Mae Harvey of the county clerk's office has planted a bed of them on the south side of the court house. The young ladies have made themselves a self-appointed flower committee to plant flowers in the park and further beautify the grounds. The flowers planted are of a blooming variety and will add much to the attractiveness of the court yard. The next thing which they anticipate is the planting of some vines around the band stand and the court house.

Praise for the Mandolin Club.

The juvenile mandolin club of Maryville held forth in the opera house Saturday night to a fair sized crowd, considering that farmers have been very busy the last week with their corn planting. Those who attended say it was the best show of the kind that was ever in the opera house. Every piece on the program was well rendered and created much applause. Miss Alma Nash, Maryville's talented musician, was the director, and of course everything had to be O. K.—Parnell Sentinel.

Here for the Funeral.

The body of E. M. Cooper, who died in Denver, Col., last Friday, is expected to arrive in the city Wednesday noon, and a short burial service will be held at Miriam cemetery, where burial will take place. Victor Cooper of Minneapolis, Minn., a son of the deceased, and John L. Cooper of Wathena, Kan., the only living brother of the deceased, arrived in the city Monday to attend the services.

Here From Oklahoma.

Milton Snapp of Hennessey, Okla., arrived Saturday noon on a several weeks visit to his sisters, Mrs. David Denning, who has been ill for some time, and Mrs. Lemuel Woodworth. Mr. Snapp was a dinner guest Monday at the home of his sister-in-law, Mrs. John Snapp.

To Journalism Meeting.

L. C. Gooden, editor and publisher of the Parnell Sentinel, issued his paper early this week so as to attend the journalism meeting at Columbia, which convened today. J. F. Hull of the Maryville Tribune expects to go to Columbia this evening to attend the meeting.

Guests at Barmann Home.

Misses Marie and Louise Curtin of Kansas City arrived Monday night for a two weeks visit with Miss Laura Barmann.

James Martindale of Conception was a business visitor in this city Tuesday.

If you want to have a big laugh tonight go and see "My Dad From Wyoming" at the big tent.

Troops Will Not Leave Mexico Until All Its Troubles End.

WILSON SO TELLS DELEGATES

America Will Keep Troops at Vera Cruz Till Definite Settlement of Problem Reached—Mediation Clixmax to Be Soon.

Washington, May 19.—The American commissioners, who left today for the mediation conference at Niagara Falls, Ont., were told by President Wilson that the United States will keep its troops at Vera Cruz until a definite settlement of the Mexican problem is reached.

The president gave the American commissioners—Justice Lamar of the United States supreme court, Frederick W. Lehmann, former solicitor general, and Diplomatic Secretary H. Percival Dodge—no specific instructions.

They were told to place themselves in a receptive mood and await proposals from the three South American mediators. But at the same time he outlined that peace seemed to him to be conditioned on the elimination of the Huerta administration and the establishment of a strong provisional government which would conduct an election giving fair treatment to all factions and parties and guaranteeing, moreover, a solution of the agrarian problem and other internal difficulties which have bred revolution.

The president wishes the Mexican question settled on comprehensive lines that will take into account the economic principles for which Zapata, in the south, as well as Carranza, in the north, have been fighting and will at the same time conserve the rightful interests of the people in the territory now controlled by the Huerta government.

Huerta Willing to Retire.

General Huerta has authorized the Mexican mediation delegates to submit his resignation in case such a course is found necessary to a settlement in peace negotiations. This was stated positively in dispatches from a thoroughly competent diplomatic source in Mexico City to one of the foreign representatives at Washington.

According to this information from Mexico City, General Huerta at first authorized the delegates to discuss only the question of the Tampico conflict, leading to the American occupation of Vera Cruz. Later the Mexican dictator, it is explained, came to recognize the necessity of a broader settlement and then conveyed to the delegates assurances that he was prepared to step down should this course be found necessary by them.

The Huerta delegates are said to be ready to recommend Huerta's retirement, but only on the condition that a definite understanding is reached on the kind of government that is to follow.

Rebels Are Still for War.

Juarez, Mex., May 19.—The news that General Huerta had authorized his delegates to the conference with the South American mediators to present his resignation should that act be necessary to restore peace was not received with marked enthusiasm by constitutionalists here.

The news was wired to General Carranza, who is on his way from Sonora to Durango, and officials here stated that the first chief would make a statement outlining his attitude toward the situation as developed in Washington.

Constitutionalist officials here expressed decided opinions that the resignation of Huerta would not compose the situation. They have asserted many times that their plans contemplated not only the elimination of Huerta, but also that of his party.

"Any compromise which would not entirely eliminate the clientelism from politics," said Rafael Muzquiz, son-in-law of General Carranza, "would simply mean another revolution. Another Huerta would spring up and the struggle would continue."

Village Wiped Out by Forest Fire.

Escanaba, Mich., May 19.—The village of Alfred, eighteen miles from this city, was wiped out by a forest fire. The inhabitants were forced to seek safety in the Escanaba river, in which they were forced to remain for hours. The railroad depot, several trestles, a large quantity of logs and cut lumber and every building in the village was destroyed.

Naon Is First to Arrive.

Niagara Falls, Ont., May 19.—With the arrival here of Romulo S. Naon, Argentine minister, the first of the South American mediators to reach the scene where they will formally open their conference tomorrow, the effort to compose the Mexican situation made a real start.

On Display Now, In All Their Beauty, Are The

New Blouses

To fully appreciate the charming styles which Fashion has decided upon for the new Blouses, inspect our showing of authoritative models.

Gathered in one section for your convenience are the best Waists of the country's most skillful designers.

The vogue for separate Waists is growing daily. From all indications this will be a Waist season without a parallel.

We prepared for an unusually large demand and right now we are displaying the most complete assortments we have ever had.

They are ready for you—and you'll soon be ready for them!

NEW WHITE BLOUSES, made of the favored crepes, voiles and ratines, are priced from 69c up.

NEW WASH WAISTS, in dozens of new styles, made from sheer flaxons, crepes and ratines and trimmed with fine laces, embroideries and tucks, are offered at very moderate prices.

NEW SILK AND SILK CREPE WAISTS, featuring the soft plain white and striped materials, are marked from \$3 to \$6.75.

WHITE WAISTS 69c

A special value you should not miss. Two new styles—one made of sheer India linen with broad self-stripes and frilled around the neck and sleeves, or with embroidery collar and cuffs; the other made of fine plain India linen and frilled around the neck and sleeves and down the front. Both styles have the new three-quarter sleeves.

ALSO,

Because they have become mussed and soiled we have included in this lot several dozen other Waists which formerly sold at \$1.50 and \$2. The materials are India linons, voiles and flaxons of an excellent quality. The styles are all good. Choice while they last. . . . 69c

Insist On Getting Milk Clarified by the De Laval Process

No matter what steps may be taken to insure pure milk, whether the milk be guaranteed, inspected or certified, it is now conceded by leading dairy authorities that unless it be mechanically clarified there can be no certainty of its purity and healthfulness.

Desiring to furnish our patrons with the very best quality and the most wholesome milk possible, after carefully investigating the wonderful results obtained with the De Laval Milk Clarifier in cleansing milk we have installed one of these machines and

all our milk is now clarified by the De Laval Centrifugal Process

We have fully demonstrated that objectionable matter which might have been in the milk previous to milking or any subsequent contamination like dust, sediment, etc., which even with the most careful precaution, is apt to get into milk between the stable and the bottle, is eliminated by this process.

If you want to be sure you are getting clean and wholesome milk insist that it be clarified by the De Laval Process.

The DeLaval Process of Milk Clarification does not involve the heating of milk, the use of chemicals or other outside agents. It is a scientific application of Centrifugal Force. Milk may be inspected, guaranteed or certified, but unless it is Centrifugally Clarified there can be no certainty that it is clean, pure, and healthful.

Representative Keating of Colorado Doubts State Militia Can Maintain Order—Has Conference With President—Many Rifles Reported Hidden.

Washington, May 19.—Representative Keating of Colorado conferred with President Wilson concerning conditions in the strike district of his state. Although the president had advised Governor Ammons that federal troops would not be allowed to remain indefinitely in the strike sections, Mr. Keating said the president was not disposed to withdraw the government forces immediately, and is willing to do everything within reason for the preservation of peace in the coal region.

Mr. Keating expressed doubt as to the ability of the state militia to maintain order in the strike districts after the withdrawal of the federal troops, unless mine owners consent to the mediation of disputed questions.

Austrian Ambassador Dumba laid before the secretary of state and the secretary of war an urgent request that federal troops be retained on duty in the Colorado strike district. Mr. Dumba stated that the secretary of war said there was no immediate intention of removing the troops. The Italian ambassador, who represents a number of his countrymen in Colorado, will make a similar appeal.

Will Ask Wilson to Settle Strike.

Omaha, May 19.—Judge Ben Lindsay of Denver, accompanied by Mrs. Lee Champion, also of Denver, and three women survivors of the Ludlow tent colony battle in Colorado passed through Omaha on their way to see President Wilson and ask him to settle the Colorado mining trouble.

"President Wilson should and can settle this strike. I believe he will. We are going to tell him facts about the troubles in Colorado that I do not believe he has heard," said Judge Lindsay.

"If the federal troops are withdrawn and the state militia allowed to go back into the strike region it will mean civil war. The strikers will not submit without bloodshed," said Mrs. Champion, who, as chairman of the relief committee, spent several weeks in the strike region.

Among the women accompanying Judge Lindsay were Mrs. Petrucci, who lost three children in the Ludlow tent massacre, and Mrs. Petragon, whose two children were suffocated in the same battle. The women will be given an opportunity to tell their story to President Wilson.

Judge Lindsay said recent assertions that woman suffrage had anything to do with conditions in Colorado were too absurd to be noticed.

Many Rifles Reported Concealed. Trinidad, Colo., May 19.—Reports have reached military headquarters here that a large number of rifles had been concealed in the coal strike districts, in places from which they could be easily brought out.

OPPOSES TOLLS REPEAL

Senator Sutherland Calls Proposition Most Astounding.

Washington, May 19.—Senator Sutherland of Utah declared in the senate that in the history of free government no such astounding proposition ever before had been presented to a great legislative body as the demand of President Wilson that the congress should repeal the tolls exemption law "without raising the question whether we were right or wrong."

"To comply with the request," said Senator Sutherland, "would be so utterly subversive of every consideration of self respect that even those who intend to capitulate will raise the question and make a pretense of justifying their action on defensive grounds before acceding to the president's request."

Senator Sutherland said he intended to vote against repeal, but he added he was in favor of arbitrating the dispute, because of the difference of opinion prevailing among the greatest thinkers of the country over the question.

Federal Reserve Bank Organized.

Kansas City, May 19.—Ten bankers, representing five banks, signed the papers of incorporation of the federal reserve bank for the tenth district here. The bank is to be located in Kansas City. The signers represented banks in Omaha, Lincoln, Denver, Rawlins, Wyo., and Muskogee, Okla.

Robbers Driven Off Train by Crew. Chicago, May 19.—Four robbers boarded the Atchison, Topeka and Santa Fe passenger train which left here for California, held up the passengers of the observation platform and were driven off the car by the train crew. They are said to have obtained only \$9 in cash.

Denver Doctor Is Held by Rebels. Vera Cruz, May 19.—Dr. L. M. Taylor of Denver is held at Cuatlatlan, in the state of Vera Cruz, by constitutionalists, who are utilizing his services according to refugees reaching here. Consul Canada is making efforts to secure his release.

GENERAL VILLA
INVESTING SALTILLO

Last Federal Stronghold in North Nearly Surrounded.

Paredon, Mexico, May 19.—The first engagement in force of the rebel campaign against Saltillo can not be long delayed. The rebel troops rapidly are taking up the positions assigned them in General Villa's plan of battle and are closing in on the town in such a way the rebel leaders believe will check any attempt of the federal garrison to evacuate and retreat to the south, even should the soldiers of Huerta contemplate such a move.

Spread widely to east and west of the railroad line from Paredon to Saltillo the constitutional troops are combing the country thoroughly and sweeping the federal outposts and scouting parties before them. There has been some skirmishing reported, but it has not been of such a character to develop the positions of the federal or the plan of attack of the constitutionalists.

BOAT UPSETS; THREE DROWN

Former Nebraskan and Two Little Sons Lose Lives in Wyoming.

Sheridan, Wyo., May 19.—William McKinney, ranchman, aged forty-five, and his two children, five and nine, were drowned in the Tongue river, near here.

They attempted to cross the river in a boat. The stream is very much swollen and rapid, and the boat upset. The body of the man was recovered, but the children are yet in the river.

McKinney lived on a ranch near the scene of the accident. He was a former resident of Nebraska.

Two Aviators Killed.

Frankfort-on-the-Main, Germany, May 19.—Another fatal accident occurred in connection with the Prince Henry aviation competition at Darmstadt. Lieutenant Rolde, who was flying as a passenger with Lieutenant Kolbe, was killed when their monoplane was capsized by gusty winds. Lieutenant Kolbe died from internal injuries later in the day.

Obituary.

The funeral of the late Maurice F. Maher, who died of pneumonia, May 9, 1914, was held Monday morning, May 11, at the abbey church of Conception, Rev. Fr. Placid officiating. The funeral, which was one of the largest held in Conception recently, gave testimony of the respect and sorrow felt for the sudden ending of a life, young and full of promise. The death of Mr. Maher, one of the prominent young farmers of this vicinity came as a great shock to his relatives and friends. While they knew he was seriously sick, which he bore with Christian fortitude and resignation, they did not anticipate his death.

Maurice Maher was the third son of Mr. and Mrs. Michael Maher of Grant township. Born July, 1883, on the old homestead, where he grew to manhood, he was well known and universally liked. A favorite in the home, thoughtful, kind and obliging, always ready and willing to grant a favor, a joy and comfort to his parents, brothers and sisters.

On October 26, 1909, he was united in marriage to Miss Catherine Gowney, a most estimable young lady, the daughter of Mrs. Mary A. Gowney of Conception. They settled on a farm near the old homestead, where by their industry and thrift they had one of the most desirable homes in the neighborhood. They were happy and prosperous. Two lovely children blessed their home. Their happiness seemed complete, when the angel of death entered, depriving the young wife and little ones of a devoted husband and father, the aged parents, brothers and sisters of a loving son and brother. The family have the sympathy of all in their great bereavement.

Go early to the big tent tonight and hear the concert by the orchestra before the rise of the curtain, and then you will laugh when you see "My Dad From Wyoming."

VOLUME 4.

MARYVILLE, MISSOURI, TUESDAY, MAY 19, 1914.

NO. 300.

WAS BIG MEETING

GRAHAM WAS HOST TO MARYVILLE BOOSTERS.

THEY ADD THIRTY-FIVE

Members to Their Commercial Club—Prof. Hutchinson and Prof. Cameron Give Talks.

Members of the Commercial club of this city were in attendance at the meeting of the Graham Commercial club Monday night, having been invited to attend and help the Graham folks to generate enthusiasm for their club. The Graham trip was also the first of many the Maryville club expects to make during the summer, carrying out the "All for Nodaway county, Nodaway county for all" idea.

It was a very successful meeting, and thirty-six new members were added to the Graham club. The Maryville Commercial club took out a membership in the club.

Prof. C. B. Hutchinson of the state agricultural college of Columbia, who has been over Nodaway county the past two days to study the wheat conditions, spoke at Graham and said that the wheat fields examined in Hughes township were found to be in a good condition and very little infected. The fields in the eastern and southeastern parts of the county are badly infected, and great damage was noticed. Prof. Hutchinson said a good rain would help conditions here, but they are the worst he had seen so far. He explained the work of the fly and the damage done by them, and then closed his address with a talk on Commercial clubs. Prof. Hutchinson went to Graham from Burlington Junction, where he spoke at 6 o'clock. He returned to Columbia Monday night.

Prof. John E. Cameron of the Normal agricultural department also spoke on the wheat conditions in the county, and said that the wheat fields in Hughes township were in good shape and very little infected by the Hessian fly, but in some of the other parts of the county they were not so fortunate. Many fields of wheat badly infected were being plowed Monday and corn planted, said Mr. Cameron.

Other talks were made by J. F. Hull, president of the Maryville Commercial club, Attorney T. A. Cummins, J. H. Sewell and Dr. Jesse Miller. They told of the advantages of a commercial club to a community and how much could be accomplished through united effort. The club yell was given.

R. H. Swank, president of the Graham Commercial club, and Clyde Trapp, corresponding secretary of the club, presided, and Mr. Trapp told of the object of the meeting to secure new members for the club. He urged all of the farmers in that community to join and the membership paper was presented with the result that thirty-six new members were added to the roll of the Graham club.

The meeting at Graham was held in the opera house, which was crowded, standing room being at a premium. Many farmers were in attendance. Before the meeting the Graham board, which has been organized only a short time, gave some excellent music.

There were forty members in ten automobiles from the Maryville club present, and supper was taken at the G. H. Carnutt restaurant in Graham. The Maryville delegation included:

J. H. Sewell, D. C. Moore, Charles McNeal, T. A. Cummins, George Moore, Joseph Jackson, Jr., Charles Wadley, James Todd, H. L. Raines, Harold Bellows, Albert Kuchs, C. C. Hellmers, W. R. Jackson, George L. Wilfley, R. S. Wilfley, R. B. Montgomery, Conrad Yehle, George A. Pickens, J. F. Hull, B. M. Cottrill, D. R. Eversole, E. E. Williams, F. P. Robinson, John M. Murrin, Mayor U. S. Wright, Dr. Jesse Miller, Prof. John H. Cameron, Dean George H. Colbert, W. H. Gilbert, W. W. Jones, G. B. Roseberry, W. A. Miller, J. F. Roelofson, Roy Curfman, Lieber Holmes, Berney Harris, Dick Hotchkin, S. H. Kemp, C. D. Bellows, R. P. Hosmer and Prof. Hutchinson of Columbia.

The officers of the Graham club are: R. H. Swank, president; Dr. W. J. Findley, vice president; C. C. Trapp, corresponding secretary; W. E. Freytag, recording secretary; Clyde Long, treasurer.

Miss Ruby Lorange of this city has been re-elected to teach the coming year at Plattsburg. She returned home last week from Plattsburg to spend the summer with her parents, Mr. and Mrs. John Lorange.

H. W. Smith and Lon Fine of Pickering were city visitors Tuesday.

NORMAL LOSES TO THE INDIANS

By a Score of 5 to 17—Indians Were Too Fast for the Normal Boys.

The Normal school team crossed bats with the fast Nebraska Indian aggregation at the Normal diamond on Monday afternoon. The Indians won by a score of 17 to 5. Two umpires were used after the third inning. Keck started the umpiring and gave good clean decisions, but the Indians requested that two umpires be used, and Coach Eek granted the permission. One of the Indians then started the work as second umpire, alternating with Umpire Keck on bases and in the box.

Pitcher Ham showed good form on the mound but was removed in the seventh inning and Richards finished the game. The game was rather loosely played at times, several of the Indians scoring on errors.

Adams proved himself to be the idol of the fans when he slugged out a homer in the first inning with two men on bases. Eagle of the Indians made the rounds from a safe hit to center and an error by the Normals in the third inning.

The Normals lost a good chance of scoring in the last half of the fourth inning. Two were down and Brittain got a safe hit and Leavel, who was making for second base, ran into the ball, losing an excellent chance for the Normals to do some scoring.

The line-ups were as follows:

Normals—Brittain, center field; Nolett, second base; McKee, right field; Adams, left field; Dyer, first base; Richards, third base; Bird, shortstop; Ham, pitcher; Leavel, catcher.

Indians—White Moon, second base; Wolf, shortstop; Eagle, third base; Big Bear, first base; Little Deer, right field; Chouteau, left field; Waukegan, center field; Black Hawk, catcher; Schegg, pitcher.

The score by innings:

	R.	H.	E.
Normal	3	0
Indians	5	17
Batteries	Ham,	Richards
	Leavel,	McKee;
	Schegg	and Black Hawk.

Struck out—By Schegg 12, Ham 6, Richards 0.

FOR BASE BALL CHAMPIONSHIP.

Normal School Stands in Fifth Place—Tarkio College Leads.

Reports of the Missouri inter-collegiate conference base ball games played prior to May 13 show that the race for the championship is close. No reports from Drury college, Cape Girardeau normal or Central Wesleyan have been received, so the standing as figured below does not include their games. Tarkio college leads the list with a percentage of 1,000. Warrensburg normal is second with .750, William Jewell and Kirksville normal are tied at third with .714 each. Tarkio has four more games to play, Warrensburg normal has six, William Jewell has one, and the Kirksville normal schedule is completed. The outcome is in doubt. The following figures have been compiled by the chairman of the championship committee of the Missouri Intercollegiate Athletic association:

	W.	L.	Pct.
Tarkio	0	1.000
Warrensburg Normal	3	.750
William Jewell	5	.714
Kirksville normal	5	.714
Maryville normal	2	.500
Missouri Valley	3	.333
Central	2	.333
Westminster	1	.333
Missouri Wesleyan	0	.000

TO CHICAGO WEDNESDAY

Rev. S. D. Harkness and George Demott Will Attend Presbytery This Week.

Rev. S. D. Harkness and County Clerk George Demott will leave Wednesday afternoon for Chicago to attend the Presbytery at that place. This is a general assembly meeting of the highest order of the Presbyterian church. The meeting is made up of two representatives from each Presbytery. The presbytery at this place is sending Mr. Demott and the Rev. S. S. Ryland, of St. Joseph, as representatives, and the Rev. S. D. Harkness as an attendant at the meeting. They will be gone about ten days. The meeting will be held at the new Fourth street church in Chicago and will take up the work of the church as a whole concerning the United States. The meeting last year was held at Atlanta, Georgia.

Mr. and Mrs. George Pat Wright spent the day Sunday at Graham with Mrs. Wright's brother, John Wilson, and family. Mrs. Wright's parents, Mr. and Mrs. J. G. Wilson, of Chattanooga, Texas, are visiting at Graham and will later visit at the Wright home in this city.

GOOD ATTENDANCE

PROF. HUTCHINSON GAVE FOUR TALKS ON WHEAT CROPS.

PLEASED WITH RESULT

Of the Investigation and of the Meetings Held in the County—Returns to Columbia.

Nearly 400 people were in attendance at the meeting held at the court house Monday afternoon at 2 o'clock for the purpose of discussing the wheat situation of Nodaway county. Talks were given by Prof. C. B. Hutchinson, of the University of Missouri, and Prof. John Cameron, of the State Normal School. This was the first of four meetings held in the county Monday afternoon.

Prof. Hutchinson talked on the situation as he has seen it the last two days in different parts of the county. He suggested to those framers whose wheat fields were badly infected with the Hessian Fly to plow their fields now and put in corn or to wait until the latter part of July and put in Alfalfa. He said conditions were bad in the county, especially in the east and southeast part of the county and that there was no chance of a wheat crop in many of the fields.

Prof. Cameron, who has made daily trips over the county the past week, gave a talk on the situation and advised the farmers to act at once. Mr. Cameron answered many questions that were asked by farmers who were interested in the situation. "Wheat," he said, "is the only grain that this fly will damage."

The Shannon Grain Company, of Kansas City, sent an expert to this county Monday to investigate the wheat conditions here and make a report. This company has recently erected several elevators along the Chicago Great Western railroad in the eastern part of the county.

The meeting held at Harmony church at 3:30 o'clock was attended by about 40 farmers who took great interest in what Prof. Hutchinson had to say. Mr. Hutchinson was accompanied by R. P. Hosmer, C. D. Bellows and S. H. Kemp. The next meeting was held at the Hughes farm northwest of Maryville, and was attended by a small, but enthusiastic crowd. At Howden's farm near Burlington Junction about 40 farmers awaited Prof. Hutchinson.

A big commercial club meeting was held at Graham Monday night and Prof. Hutchinson was called there to make his final talk. He left for Columbia last night.

Prof. Hutchinson said he was highly pleased with the interest the farmers took in the wheat condition in this county. He said the farmers were wide awake and had good knowledge of agricultural problems.

TO STATE MEET.

Normal School Track Team Goes to Fayette—Four Men Entered in the Events.

The Normal school track team had a final workout on the track last night after the base ball game preparatory to their leaving for the state inter-collegiate track meet, which will be held Wednesday at Fayette, Mo.

The team, which is composed of Quinn, Ford, Watson and Lyle, left on the 10:52 Wabash this morning. Some good records were made in the practice last night, and the men should bring back some points with them. Quinn, who was chosen to head the team this year, went the 220-yard dash in 23.25 seconds, which is two-fifths of a second better than the time made by Neldorf of St. Joseph Central in the high school meet here. It is thought that he will also place in the broad jump, as he has been making better than twenty feet consistently. Lyle and Ford are both making good time in the hurdles, and Watson has been making the half mile in time which should get him some points.

Coach Swinehart will leave for Fayette Tuesday evening in time to be there for the meet Wednesday.

Miss Dale Hoffman returned Saturday night from DeKalb, where she has been teaching in the high school. Miss Hoffman has accepted a position in the Shenandoah, Ia., schools for the ensuing year.

WRITES OF WORK

REV. C. J. MILLER OF GREELEY, COL., SENDS LETTER.

WILL GIVE ADDRESSES

Near Maryville the Last of This Week—Was Formerly Pastor of the Christian Church Here.

Rev. Claude J. Miller, formerly pastor of the First Christian church of this city, but now pastor of the First Christian church of Greeley, Col., writes an interesting letter to this paper. He states that he will be in Nodaway county on Sunday, May 24, as he is to deliver an address at Ravenwood on that day. His letter follows:

Greeley, Col., May 18, 1914.—Democrat-Forum, Maryville, Mo. Dear Friends: The Daily Democrat-Forum reaches me regularly and I enjoy it very much. It keeps me in touch with old Maryville. In a recent issue of the paper I see you have lost, by death, one of your choice spirits, Miss Messenger. This is a sad loss which must be felt by the entire community.

Our work here is moving along nicely. We have been on the field since October 5th. In this time we have had 115 accessions to the church. Our Bible school is the largest in the state. On Easter Sunday we had 639 on time, and 752 as a total attendance. This speaks well for a little city of 10,000 people, which is supporting twenty-four churches.

The prospects for crops are very good in this section. This means prosperity, for when the farmers prosper we all prosper.

The old "Rockies" are still covered with their mantle of white. Only twenty-eight miles in the distance, they make one shiver to look at their snow capped heads.

On next Lord's day I will be only a short distance from Maryville. I am giving commencement addresses in Iowa and Missouri this season. I have two near Maryville. One is at Blackton, Ia., on Friday, May 22, and the other is at Ravenwood, Mo., on Sunday, May 24. I will preach at Ravenwood in the Christian church Sunday afternoon and give the lecture in the evening. I will then go on into Iowa for other addresses, and finally to Grundy Center, Mrs. Miller's home. Mrs. Miller has been visiting her parents for the past three weeks. We will start back to Greeley, May 29th. We are thus spending part of our vacation in the east, before the time of the hot weather. We will spend the remainder of the time in Estes Park, Col. One of our good parishioners has offered us their cottage, and, preacher-like, we have taken it!

You better move! The Democrat-Forum to Greeley. Then I know our own daily paper would soon begin to print more news of local interest. We have a good paper, but it does not take enough notice of local happenings.

Yours respectfully,
CLAUDE JOHN MILLER.

CONDITION NOT ALARMING.

E. C. Curfman, Who Had Thumb and Finger Taken Off by Ripsaw, Still Suffering.

E. C. Curfman, who had his little finger and thumb cut off and the tendons of the other fingers torn and lacerated while manipulating a ripsaw a week ago today at the Foster & Hahn shop, is still in a critical condition. His injuries are painful and infection has set in, but his physicians are of the opinion that his condition is not alarming. Dr. George H. Curfman of Salda, Col., a brother, has been sent for and will arrive in the city Wednesday noon.

Appeal Case From Hopkins.

A suit filed Tuesday was that of Fred Wooldridge against Frank Black, being an appeal case from justice court of Hopkins by the defendant. It is a suit on a note. S. E. Browne is the attorney for the plaintiff, and Shinabargar, Blagg & Ellison for the defendant.

State Inspector Here.

G. H. Reavis, state high school inspector of the state department of education at Jefferson City, was in Maryville Tuesday and inspected the Maryville high school.

COMMENCEMENT EXERCISES.

Hopkins Schools Now Closed for the Summer—Class a Large One.

Vacation commenced in full force at Hopkins Monday morning. The school bell is silent, and the boys and girls are rejoicing in the fact that there will be no more school until next September.

The common question on the lips of young humanity from "Miss Lou's" room to the high school was, "Did you pass?" but that is all settled now, the grades are made out and the tired teachers are ready for a rest or harder work at some normal or university, as it may be.

The commencement exercises were held in the M. E. church Saturday night and were largely attended by admiring relatives and friends of the class of 1914.

This class is one of the largest that has ever graduated from our school in years, and we might also add one of the finest looking, consisting as it does of Misses Lottie Remington, Willa McCleave, Myrtle Alkin, Ruth Moore, Bessie King, Lois Sargent and Messrs. Floyd Rickard, Robert Wolfers, Claude Grote, Ben Griffith and Roy Hanna.

The church was decorated in a very pleasing manner with red tulips and white carnations. This work was done, as is customary, by the junior class, who also acted as ushers.

The program consisted of instrumental and vocal numbers by Mrs. Lois King, Miss Mabel Weaver and Ed Owens. The class address was delivered by Walter S. Athearn of Des Moines, who took as his subject "The Earnings of an Educated Man." This address was above the average of commencement addresses, being replete with sarcasm, wit and good wholesome advice, the main part of his text being embodied in the following little prayer, which he advised them to say each morning: "Now I rise me up to work; I pray the Lord I may not shirk. If I should die before the night, I pray my work may be right."

The presentation of diplomas was down on the program to be given by Professor Oakerson of Maryville, but as that gentleman was not present, Prof. Lowrey of the Hopkins high school ably took his place, stating in his opening remarks his inability to substitute properly for Mr. Oakerson, as his hair was not the proper hue, also making the prophecy that if Oakerson's hair kept on coming out and he (Lowrey) continued to lose his jet black locks they would both soon be in the bald-headed row.

This concluded the commencement week, which had been full of examinations, picnics, the high school musical, and on the Wednesday night preceding, also the eighth grade commencement on Friday night, at which a good sized class was graduated from the eighth into the high school.

There is always more or less pathos and also much fun at the close of the school year, and this year was no exception. Miss Lou Hughes, who as "Miss Lou" has been the idol of the children in the primary room for the last three years, shed some tears Friday as she bid her little folks good-by, expecting as she does to go to Chicago in two weeks to enter the school of kindergarten for a year's work.

One of the pleasant occurrences was the breakfast on the river Saturday morning by the faculty and Mrs. Lowrey and son, Raymond. Everyone enjoyed the breakfast, as they were so hungry, and then the boat ride, but when Prof. Lowrey and Misses Bonewitz, Jeffries and Hughes decided to "row, row, row" by themselves—well, something happened, and anyway they all believe in immersion now. A noble youth came to the rescue and brought them to town in an automobile, while poor Miss Goforth and the rest of the crowd had to walk.

OLD WILL TO BE PROVED UP.

Has Been in the Probate Court Office Ever Since Judge Conn Has Been There.

An old will written on March 29, 1897, and found in probate court office when Judge W. H. Conn took charge in 1907, is going to be proved up so as to clear the title to four town lots in Burlington Junction. The will is that of Wm. B. McLaughlin and the witnesses are A. T. Stitt and W. E. Gardner. The will was not probated at the time of the death of Mr. McLaughlin, as it was said that there was not much property.

Underwent an Operation.

Peter Mergen underwent an operation at St. Francis hospital this morning and came through it nicely. As soon as he is able, Mr. Mergen expects to spend several months in travel and rest. He has sold his confectionery and cigar stand on North Main street to C. E. White.

HOW TO FIND FLY

PROF. JOHN CAMERON OF STATE NORMAL WRITES ARTICLE.

RAIN DOES NOT KILL FLY

Each Female Fly Will Lay From 100 to 150 Small Reddish Eggs One-Fifteenth Inch Long.

Owing to the fact that the question "How to find the Hessian fly" is still bothering many people, Prof. John M. Cameron of the State Normal gives the following:

Pull up a stool of wheat, look at the smallest stalks in the bunch. If affected the stalk will be soft and inside will be found either a number of white maggots or brown flaxseed-like worms. You can detect no movement in the maggots unless on very close observation. If they have turned brown, as all the maggots will, they have passed into the resting or pupa state, from which they will escape in a few days full grown adult Hessian flies. The earliest of the last brood are just beginning to escape now in some fields.

Before June 1st practically all the maggots and brown pupa will have disappeared. If it rains many will say that the rain killed them. Not so. All have escaped from these brown pupa cases into adult flies resembling small mosquitoes only one-tenth of an inch long, so small as to usually escape observation.

Each female will lay from 100 to 150 small reddish eggs one-fifteenth inch long. You will find them in irregular rows of from three to five or more, mostly upon the upper surface of the leaves. In a few days these hatch into small reddish maggots, soon turning white and about twice as long as broad, and ready to begin their deadly work on the wheat stalks left by the previous brood.

These work on the joints under the base of the leaves left by the previous brood. If sufficient numbers are present the stalks break over and the heads will turn white, as noted in infected districts last year. At what cutting time these maggots will be in the broken flaxseed stage. They pass over the summer in this stage to deposit their eggs on the young wheat plants about September 10th to September 30th in this latitude. The method of control is to wait until the flies are all dead before planting wheat. This breaks the chain in the life history. The Hessian flies disappear from the community and we go on raising wheat as though nothing had happened.

WIDE SOCIAL INTEREST

Opera "Mistress Mary" Includes Many of the Young Society People of the City.

The opera "Mistress Mary," presented by the Twentieth Century Club, not only has an interest on an artistic standpoint and its cause, a Club-House for Women of Maryville, but it also has a wide social interest as well, not only from the fact the cast includes many of the young society people of the town but because a number of these young women, looking their most charming in evening attire will receive the audience, welcoming them and ushering them to their seats.

Though the stage will doubtless present a most attractive appearance in the matter of toilet, the audience will present a gala appearance also, as everybody in everybody's best bib and tucker will be there, and the front row of seats has already been engaged by a number of bald headed gentlemen who are booked to appear both nights.

Following is a partial list of the young women who will usher Wednesday night, Misses Helen Leffler, Laura Barman, Mae Corwin, Brownie Todd, Dorothy Pierce, Mrs. Ferdinand Townsend. Thursday evening, Misses Marie Brink, Clara Sturm, Eleanor Smith, Martha Koch, Marie Reuillard and Geneva Wilfley will usher.

Miss Elizabeth Doran has returned from Rochester, Minn., where she has been assisting in caring for her mother, Mrs. William Doran, who is a patient in the Mayo sanitarium there.

Jack Rowlett of Graham was in the city Tuesday.

Observed Birthday.

A pleasant surprise was planned and carried out Friday night for Miss Stella Parent in honor of her eighteenth birthday. The young folks of the neighborhood gathered at the home of her parents, Mr. and Mrs. R. W. Parent, ten and a half miles northeast of Maryville, and a fine time was enjoyed by all. Supper was served at a late hour, after which the young folks departed, wishing Miss Stella many more happy birthdays.

Those present were Misses Lula, Pearl and Florence Johnson, Eva Griffoey, Florence Trullinger, Effie Willis, Esther and Lucy Palmer of Burlington Junction, Messrs. Ralph and Emmet Lewis, Arch McElroy, Cecil Lawson, Leland and Cecil McKee, Clarence Marker, Charles and Alexander Crigger, Floren Porter, Roland Palmer of Burlington Junction, Guilford McKee, Leslie Devore, Pearl Lawson, Cory Cook and Mr. and Mrs. Parent and family.

SPECIAL ORDER NO. 2.

Comrades, fall in at 11 a. m. Wednesday sharp to attend the funeral of our late past commander, F. M. Cooper.

By order of
T. J. KARR, Commander.
CHAS. HYSLOP, Adj.

Have you ever had the experience of putting a light blue lawn dress in the wash

and have it turn out streaked with white and several shades of blue?

Or have you ever had a shirtwaist shrink so that you couldn't wear it with comfort?

If you will use Fels-Naptha Soap the right way, you will save yourself the disappointment and expense of having any of your clothes ruined. And you will find out that it is possible to do your washing without the discomfort you used to have.

Fels-Naptha soap is the cool-water soap. It is the no-hard-rubbing, no-boiling kind of soap. It is the soap for you to use if you want to save work and worry.

Anty Drudge Loves to Make the Children Happy

Jennie Sorrowful—"Boo! hoo! Mamma has got such ugly dark colors and heavy gingham for my summer dresses, when I wanted pretty, light lawns. She says washing and boiling is so hard on colors and wears thin goods right out."

Anty Drudge—"Well, I'll go straight to your mother and tell her the right way to wash your dresses so they will not fade or run or go to pieces, that is, with Fels-Naptha Soap in the Fels-Naptha way."

Follow the directions on the Red and Green Wrapper.

Better buy Fels-Naptha by the carton or box.

Here Is Good News for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by Pearson's Pharmacy and druggists everywhere.

Plant Flowers at Court House.

Miss Mabel Hunt of the probate office has planted a large bed of flowers on the north side of the court house, and Miss Mae Harvey of the county clerk's office has planted a bed of them on the south side of the court house. The young ladies have made themselves a self-appointed flower committee to plant flowers in the park and further beautify the grounds. The flowers planted are of a blooming variety and will add much to the attractiveness of the court yard. The next thing which they anticipate is the planting of some vines around the band stand and the court house.

Praise for the Mandolin Club.

The juvenile mandolin club of Maryville held forth in the opera house Saturday night to a fair sized crowd, considering that farmers have been very busy the last week with their corn planting. Those who attended say it was the best show of the kind that was ever in the opera house. Every piece on the program was well rendered and created much applause. Miss Alma Nash, Maryville's talented musician, was the director, and of course everything had to be O. K.—Parnell Sentinel.

Here for the Funeral.

The body of E. M. Cooper, who died in Denver, Col., last Friday, is expected to arrive in the city Wednesday noon, and a short burial service will be held at Miriam cemetery, where burial will take place. Victor Cooper of Minneapolis, Minn., a son of the deceased, and John I. Cooper of Wathena, Kan., the only living brother of the deceased, arrived in the city Monday to attend the services.

Here From Oklahoma.

Milton Snapp of Hennessey, Okla., arrived Saturday noon on a several weeks visit to his sisters, Mrs. David Denning, who has been ill for some time, and Mrs. Lemuel Woodworth. Mr. Snapp was a dinner guest Monday at the home of his sister-in-law, Mrs. John Snapp.

To Journalism Meeting.

L. C. Gooden, editor and publisher of the Parnell Sentinel, issued his paper early this week so as to attend the journalism meeting at Columbia, which convened today. J. F. Hull of the Maryville Tribune expects to go to Columbia this evening to attend the meeting.

Guests at Barmann Home.

Misses Marie and Louise Curtin of Kansas City arrived Monday night for a two weeks visit with Miss Laura Barmann.

Troops Will Not Leave Mexico Until All Its Troubles End.

WILSON SO TELLS DELEGATES

America Will Keep Troops at Vera Cruz Till Definite Settlement of Problem Reached—Mediation Claim to Be Soon.

Washington, May 19.—The American commissioners, who left today for the mediation conference at Niagara Falls, Ont., were told by President Wilson that the United States will keep its troops at Vera Cruz until a definite settlement of the Mexican problem is reached.

The president gave the American commissioners—Justice Lamar of the United States supreme court, Frederick W. Lehmann, former solicitor general, and Diplomatic Secretary H. Percival Dodge—no specific instructions.

They were told to place themselves in a receptive mood and await proposals from the three South American mediators. But at the same time he outlined that peace seemed to him to be conditioned on the elimination of the Huerta administration and the establishment of a strong provisional government which would conduct an election giving fair treatment to all factions and parties and guaranteeing, moreover, a solution of the agrarian problem and other internal difficulties which have bred revolution.

The president wishes the Mexican question settled on comprehensive lines that will take into account the economic principles for which Zapata, in the south, as well as Carranza, in the north, have been fighting and will at the same time conserve the rightful interests of the people in the territory now controlled by the Huerta government.

Huerta Willing to Retire.

General Huerta has authorized the Mexican mediation delegates to submit his resignation in case such a course is found necessary to a settlement in peace negotiations. This was stated positively in dispatches from a thoroughly competent diplomatic source in Mexico City to one of the foreign representatives at Washington.

According to this information from Mexico City, General Huerta at first authorized the delegates to discuss only the question of the Tampico conflict, leading to the American occupation of Vera Cruz. Later the Mexican dictator, it is explained, came to recognize the necessity of a broader settlement and then conveyed to the delegates assurances that he was prepared to step down should this course be found necessary by them.

The Huerta delegates are said to be ready to recommend Huerta's retirement, but only on the condition that a definite understanding is reached on the kind of government that is to follow.

Rebels Are Still for War.

Juarez, Mex., May 19.—The news that General Huerta had authorized his delegates to the conference with the South American mediators to present his resignation should that act be necessary to restore peace was not received with marked enthusiasm by constitutionalists here.

The news was wired to General Carranza, who is on his way from Sonora to Durango, and officials here stated that the first chief would make a statement outlining his attitude toward the situation as developed in Washington.

Constitutionalist officials here expressed decided opinions that the resignation of Huerta would not compose the situation. They have asserted many times that their plans contemplated not only the elimination of Huerta, but also that of his party.

"Any compromise which would not entirely eliminate the clientelism from politics," said Rafael Muzquiz, son-in-law of General Carranza, "would simply mean another revolution. Another Huerta would spring up and the struggle would continue."

Village Wiped Out by Forest Fire.

Escanaba, Mich., May 19.—The village of Alfred, eighteen miles from this city, was wiped out by a forest fire. The inhabitants were forced to seek safety in the Escanaba river, in which they were forced to remain for hours. The railroad depot, several trestles, a large quantity of logs and cut lumber and every building in the village was destroyed.

Naon Is First to Arrive.

Niagara Falls, Ont., May 19.—With the arrival here of Romulo S. Naon, Argentine minister, the first of the South American mediators to reach the scene where they will formally open their conference tomorrow, the effort to compose the Mexican situation made a real start.

On Display Now, In All Their Beauty, Are The

New Blouses

To fully appreciate the charming styles which Fashion has decided upon for the new Blouses, inspect our showing of authoritative models.

Gathered in one section for your convenience are the best Waists of the country's most skillful designers.

The vogue for separate Waists is growing daily. From all indications this will be a Waist season without a parallel.

We prepared for an unusually large demand and right now we are displaying the most complete assortments we have ever had.

They are ready for you—and you'll soon be ready for them!

NEW WHITE BLOUSES, made of the favored crepes, voiles and ratines, are priced from 69c up.

NEW WASH WAISTS, in dozens of new styles, made from sheer flaxons, crepes and ratines and trimmed with fine laces, embroideries and tucks, are offered at very moderate prices.

NEW SILK AND SILK CREPE WAISTS, featuring the soft plain white and striped materials, are marked from \$3 to \$6.75.

WHITE WAISTS 69c

A special value you should not miss. Two new styles—one made of sheer India linen with broad self-stripes and frilled around the neck and sleeves, or with embroidery collar and cuffs; the other made of fine plain India linen and frilled around the neck and sleeves and down the front. Both styles have the new three-quarter sleeves.

ALSO,

Because they have become mussed and soiled we have included in this lot several dozen other Waists which formerly sold at \$1.50 and \$2. The materials are India linons, voiles and flaxons of an excellent quality. The styles are all good. Choice while they last. 69c

Insist On Getting Milk Clarified by the De Laval Process

No matter what steps may be taken to insure pure milk, whether the milk be guaranteed, inspected or certified, it is now conceded by leading dairy authorities that unless it be mechanically clarified there can be no certainty of its purity and healthfulness.

Desiring to furnish our patrons with the very best quality and the most wholesome milk possible, after carefully investigating the wonderful results obtained with the De Laval Milk Clarifier in cleansing milk we have installed one of these machines and

all our milk is now clarified by the De Laval Centrifugal Process

We have fully demonstrated that objectionable matter which might have been in the milk previous to milking or any subsequent contamination like dust, sediment, etc., which even with the most careful precaution, is apt to get into milk between the stable and the bottle, is eliminated by this process.

If you want to be sure you are getting clean and wholesome milk insist that it be clarified by the De Laval Process.

The DeLaval Process of Milk Clarification does not involve the heating of milk, the use of chemicals or other outside agents. It is a scientific application of Centrifugal Force. Milk may be inspected, guaranteed or certified, but unless it is Centrifugally Clarified there can be no certainty that it is clean, pure, and healthful.

Representative Keating of Colorado Doubts State Militia Can Maintain Order—Has Conference With President—Many Rifles Reported Hidden.

Washington, May 19.—Representative Keating of Colorado conferred with President Wilson concerning conditions in the strike district of his state. Although the president had advised Governor Ammons that federal troops would not be allowed to remain indefinitely in the strike sections, Mr. Keating said the president was not disposed to withdraw the government forces immediately, and is willing to do everything within reason for the preservation of peace in the coal region.

Mr. Keating expressed doubt as to the ability of the state militia to maintain order in the strike districts after the withdrawal of the federal troops, unless mine owners consent to the mediation of disputed questions.

Austrian Ambassador Dumba laid before the secretary of state and the secretary of war an urgent request that federal troops be retained on duty in the Colorado strike district. Mr. Dumba stated that the secretary of war said there was no immediate intention of removing the troops. The Italian ambassador, who represents a number of his countrymen in Colorado, will make a similar appeal.

Will Ask Wilson to Settle Strike.

Omaha, May 19.—Judge Ben Lindsay of Denver, accompanied by Mrs. Lee Champion, also of Denver, and three women survivors of the Ludlow tent colony battle in Colorado passed through Omaha on their way to see President Wilson and ask him to settle the Colorado mining trouble.

"President Wilson should and can settle this strike. I believe he will. We are going to tell him facts about the troubles in Colorado that I do not believe he has heard," said Judge Lindsay.

"If the federal troops are withdrawn and the state militia allowed to go back into the strike region it will mean civil war. The strikers will not submit without bloodshed," said Mrs. Champion, who, as chairman of the relief committee, spent several weeks in the strike region.

Among the women accompanying Judge Lindsay were Mrs. Petrucci, who lost three children in the Ludlow tent massacre, and Mrs. Petragon, whose two children were suffocated in the same battle. The women will be given an opportunity to tell their story to President Wilson.

Judge Lindsay said recent assertions that woman suffrage had anything to do with conditions in Colorado were too absurd to be noticed.

Many Rifles Reported Concealed. Trinidad, Colo., May 19.—Reports have reached military headquarters here that a large number of rifles had been concealed in the coal strike districts, in places from which they could be easily brought out.

OPPOSES TOLLS REPEAL

Senator Sutherland Calls Proposition Most Astounding.

Washington, May 19.—Senator Sutherland of Utah declared in the senate that in the history of free government no such astounding proposition ever before had been presented to a great legislative body as the demand of President Wilson that the congress should repeal the tolls exemption law "without raising the question whether we were right or wrong."

"To comply with the request," said Senator Sutherland, "would be so utterly subversive of every consideration of self respect that even those who intend to capitulate will raise the question and make a pretense of justifying their action on defensive grounds before acceding to the president's request."

Senator Sutherland said he intended to vote against repeal, but he added he was in favor of arbitrating the dispute, because of the difference of opinion prevailing among the greatest thinkers of the country over the question.

GENERAL VILLA
INVESTING SALTILLO

Last Federal Stronghold in North Nearly Surrounded.

Paredon, Mexico, May 19.—The first engagement in force of the rebel campaign against Saltillo can not be long delayed. The rebel troops rapidly are taking up the positions assigned them in General Villa's plan of battle and are closing in on the town in such a way the rebel leaders believe will check any attempt of the federal garrison to evacuate and retreat to the south, even should the soldiers of Huerta contemplate such a move.

Spread widely to east and west of the railroad line from Paredon to Saltillo the constitutionalist troops are combing the country thoroughly and sweeping the federal outposts and scouting parties before them. There has been some skirmishing reported, but it has not been of such a character to develop the positions of the federal or the plan of attack of the constitutionalists.

BOAT UPSETS; THREE DROWN

Former Nebraskan and Two Little Sons Lose Lives in Wyoming.

Sheridan, Wyo., May 19.—William McKinney, ranchman, aged forty-five, and his two children, five and nine, were drowned in the Tongue river, near here.

They attempted to cross the river in a boat. The stream is very much swollen and rapid, and the boat upset. The body of the man was recovered, but the children are yet in the river.

McKinney lived on a ranch near the scene of the accident. He was a former resident of Nebraska.

Two Aviators Killed.

Frankfort on the Main, Germany, May 19.—Another fatal accident occurred in connection with the Prince Henry aviation competition at Darmstadt. Lieutenant Rolide, who was flying as a passenger with Lieutenant Kolbe, was killed when their monoplane was capsized by gusty winds. Lieutenant Kolbe died from internal injuries later in the day.

Trial of Dr. Elam Continued. Kansas City, May 19.—The trial of Dr. W. T. Elam of St. Joseph, Mo., charged with the murder of W. Putnam Cramer, a Chicago advertising solicitor, in a room in a hotel here Nov. 18, last, was continued until May 25, at the request of the defense.
